

## RED LIST DECLARATION

**Company:** Novabell S.p.A.

**Product range:** All glazed and technical porcelain stoneware products (group Bla)

**Scope:** All Novabell products currently in production

**Purpose:** Verification of absence of substances banned by the Living Building Challenge Red List (ILFI)

## GENERAL DECLARATION

This declaration certifies that all Novabell branded products have been verified against the latest banned substances list of the Living Building Challenge Red List (2023 version) and are compliant.

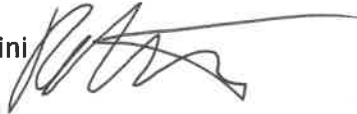

All Novabell products do not intentionally contain any of the substances included in the Red List and do not have traces above 100 ppm (0.01%).

Verification was carried out through:

- Safety Data Sheets (SDS) analysis of raw materials
- REACH/SVHC declarations from suppliers
- Deep knowledge of the industrial ceramic manufacturing process
- Chemical analyses on finished products (XRF, ICP-MS) where applicable

Responsabile Qualità – Novabell S.p.A.
